## Report in 100 Words

The World Nature Conservation Day is observed annually on July 28, World Nature Conservation Day acknowledges that a healthy environment is the foundation for a stable and

healthy society for Saving plants and animals that are threatened with extinction is one of the primary focuses of the World Nature Conservation Day.

**“Conservation means the wise use of the earth and its resources for the lasting good of mankind” – Gifford Pinchot**

Earth's natural resources include air, minerals, plants, soil, water, and wildlife. Conservation is the care and protection of these resources so that they can be preserved for future generations. It includes maintaining diversity of species, genes, and ecosystems, as well as functions of the environment, such as nutrient cycling. Conservation is similar to preservation, but while both relate to the protection of nature, they strive to accomplish this task in different ways. Conservation seeks the sustainable use of nature by humans, for activities such as hunting, logging, or mining, while preservation means protecting nature from human use. It also underlines the need for preserving the environment for the posterity. In recent times, the need for keeping the environment has become more stark in view of relentless human overexploitation of resources, which has led to weird weather patterns increasingly being the norm the world over.

During this pandemic, the school learning is done online. Teaching through online learning is challenging for some teachers. Teachers have to prepare a variety of methods and techniques to teach a subject that is effective during e-learning. The use of slideshow, videos, pictures, games, and online generator to create quizzes are things that teachers can use to support the teaching. Giving online quizzes is one of the techniques that teachers can use in class. This activity helps the teachers and the students as well, to know what and how much they have understood about a subject. This technique is important to be given at the beginning or end of the class. However, teachers must be mindful to choose the appropriate types of quizzes for the students. They have to consider that the quizzes are not only to know the students' comprehension toward the topic but also to make them enjoy completing the quizzes. During e-learning, teachers can try to use websites that provide ideas and templates which can help them create quizzes.

An one day National level online Quiz Competition was organized by M.V.Muthiah Government Arts College for Women, Dindigul. PG and Research Department of Geography and the Internal Quality Assurance Cell. The online Quiz had no registration fee. The topic of e-Quiz “Oceanography” on 29.06.2020 to 03.07.2020 to through online mode using google meet Live stream. Four hundred and thirteen students (413) participated in the quiz Competition. there are several benefits of giving online quizzes for students. Students are being actively engaged in subject material. When students cannot answer certain questions in a quiz, they will go back to reread certain parts of the chapter. Teachers can also review questions with most incorrect answers with the students. Quizzes can

increase students' motivation. Students would like to get higher scores during the quizzes. To make it happen, the students will pay attention to the teachers' explanation and may even review before the quiz. Quizzes can help students to recall information and get better grades. When the quiz is set as an assignment, students can play the quiz over again by themselves. By repeating, the information will be stuck in their mind. We appreciate our participant's patience and look forward to their continued interest in our future events also. The Quiz covered questions related to the Environment. The Quiz covered questions related to the awareness of environment. There are Twenty-Five questions in the Quiz. All the students who participated in the online quiz competition would be issued E-certificates on their e-mail. In conclusion, interactive online quizzes not only help teachers with teaching techniques during e-learning but also have a beneficial impact on students. Increasing students' involvement, motivation, better score and stress reduction are several benefits that students get through online quizzes.

### Report

*The Department of Geography* M.V.Muthiah Government Arts College for Women, Dindigul organised a National Level on “**Geography -Geomorphology 15.06.2020 to 17.06.2020**” through online mode Using Google Form.

The quiz is designed for UG and PG students, Research Scholars and Faculty members. We have received response from various institutes across country and also some from abroad. We received totally 584 responses including some main institutions such as, J.N.V University, Jodhpur Rajasthan, Savitribai Phule University Pune, and Graphic Era Hill University Dehradun. We conclude that this quiz was useful for students, research scholars and faculty members enhance their knowledge in Population Geography.

A total 584 delegated from all disciplines of various Colleges and institution had participated and got benefited. 244 E-Certificate has issued for those who secured pass percentage (40%) and above

Dr.M.Dhanalakshmi, Assistant Professor and Head, Department of Chemistry organized this Pictorial E-Quiz competition from 27<sup>th</sup> April 2022 to 29<sup>h</sup> April 2022. This Pictorial E-Quiz competition contains 20 Multiple Choice Based questions about General Chemistry with Pictorial answers. The questions were set by Mrs.J.Jeyaseeli, Mrs.A.Rincy, Mrs.M.Poongodi, Mrs.T.Kasiminada devi and Mrs.P.Bharathi, Members of this Quiz Programme. The questions were scrutinised and selected by Dr.M.Dhanalakshmi, Organising Secretary and Dr.P.Gnanasoundari, Member of this Quiz Programme. The Google form and the E-Certificate were designed by Mrs.G.Nandhini, Member of this Quiz Programme.

This Pictorial E-Quiz was exclusively arranged for the college students, faculties and general participants to enhance their knowledge on General Chemistry. Staff members, students and scholars from all disciplines of our college and other institutions were participated and they got benefited. The objective of conducting this Pictorial E-quiz competition was to kindle the knowledge of basic science among the students, scholars and faculties and to enrich their basic knowledge of General Chemistry through pictures easily.

E-Certificates were sent through the registered E-mail id for the participants who have secured 40% of marks and above in the Pictorial E-Quiz.

PG Department of Chemistry, M.V.Muthiah Government Arts College for Women, Dindigul conducted a “Pictorial E-Quiz to create awareness on World Day to Combat Desertification and Drought” from 15.6.2020 to 17.6.2020 through online mode.

This Pictorial E-Quiz contains 20 Multiple Choice Based questions on Environmental science. This Pictorial Quiz was designed by the Convener, Dr.M.Dhanalakshmi, Assistant Professor and Head, Department of Chemistry with the blessings of the Patron, Dr.C.LadhaPooranam, Principal, M.V.Muthiah Government Arts College for Women, Dindigul. This quiz was created for students, scholars and faculties of all departments.

The objective of conducting this Pictorial E-quiz competition is to create awareness on “World Day to Combat Desertification and Drought” among the students, scholars and faculties of all the departments during this Corona pandemic situation. It also aims to educate individuals about community participation and cooperation at all levels, and to strengthen implementation of the United Nations Convention to Combat Desertification.

This “Desertification and Drought Day” is observed on June 17<sup>th</sup> of every year to make the people aware about the problems of desertification, land degradation and drought, and how they can tackle it. This day is a unique moment to remind everyone that land degradation neutrality is achievable through problem-solving, strong community involvement and co-operation at all levels.

934 participants of various departments from various Institutions of all over India and abroad had participated in this Pictorial E-Quiz. 823 Participants had successfully completed and received their E-Certificates.

E-Certificates were sent through registered E-mail id of the participants who have secured 40% of marks and above in the Quiz immediately through certify'em.
