EXTENSION ACTIVITY

2019-2022

DATE:20.4.2022 to 04.05.2022

As part of Extension Activity, III year UG Students , both Shift I & II students (2019 to2022) visited Government Higher Secondary School , Palani Road, Dindigul and taught VI,VII and VIII standard students from 20.04.2002 to 04.05.2022. Our Students taught grammar and trained the students to communicate in English fluently. The students gave them exercises and practice to enrich vocabulary, hone their pronunciation and to improve their speaking and listening skills. The extensive activity, on the whole, enriched the teaching ability of our students and developed the communication skills of the school students.

Plastics Manufacturing (Awareness Plastic free campus)

22.04.2022

PG and Research Department of Mathematics Industrial visit on Mohan plastics 22.04.2022

We arranged to visit Mohan Plastics and Pipes Industry with III B.Sc English Medium First Shift students with three faculty members. We were guided by host who explained in details about the product labelling. We learnt various things about this manufacturing plastic and we found out that creativity to help the local products to be market overseas. This visit helped us to learn more products branding which could understand students to apply in future especially for those who are interested in business. We learnt something new and beneficial for us.

"Demonstration of White Phenyl Preparation to the public women. 25.4.2022"

DEPARTMENT OF CHEMISTRY
EXTENSION ACTIVITY REPORT – 25.04.2022

On 25.4.2022, our department organised an extension activity programme at Y.M.R. Patty, Dindigul. 24 students and 5 Staff members were actively participated in the programme. In this activity, White Phenyl preparation was demonstrated to the public. The objective of this programme is to create awareness among the women community about self-employment and entrepreneurship. In this programme, our students were demonstrating the preparation of White phenyl by using the required raw materials in correct proportions. Through this programme students motivated the women to earn more profit from less investment.

The village people eagerly observed the activities done by our students and got ideas about small scale business. At the end of the programme we gave free samples of the products to the people and got feedback from them. This programme encouraged our students as well as the village women to become small scale entrepreneurs.

EXTENSION ACTIVITY

**Avin (or) Cow Milk Production, Practices, Marketing System of Milk and
Milk Products in Dindigul District.**

Date: 26.04.2022

Aim:

To study about milk production veterinary extension, education, training and promotion of dairying for self employment

Objectives:

1. To bring efficiency in dairy processing plants / Producer Owned and controlled dairy institutions, there by enabling optimum value of milk to milk producee farmers and supply of quality milk to consumers

To guide the objective for good dairy farming Practice is that Safe, quality milk should be produced from healthy animal

“The PG and Research Department of Mathematics” of our college organised an Exposure Visit to “Aavin Milk Production unit, Dindigul Industrial Centre, Dindigul” on April 26, 2022.

Detailed lecture on production process and demonstrations given by Mrs. Priya, Aavin Milk Production Department. She illustrated Milk Manufacturing Process also.

Cows are milked using vacuum cups which are attached to it's teats. The milk is sent through stainless steel pipes to large refrigerated vats, and stored at 5°C or less for 48 hours, milk was transferred to tankers to a milk factory where it's pasteurised and homogenised.

8 Steps of Milk Processing:

Step 1: Rearing. ...

Step 2: Harvesting. ...

Step 3: Storing. ...

Step 4: Transportation. ...

Step 5: Lab Testing. ...

Step 6: Processing. ...

Step 7: Packaging. ...

Step 8: Selling ...

Composition of Milk: The average composition of milk is 87.2% water, 3.7% milk fat, 3.5% protein, 4.9% lactose, and 0.7% ash. This composition varies from cow to cow and breed to breed.

Aavin Products: Milk, butter, yogurt, ice cream, ghee, milk shake, khoa, tea, coffee, chocolate.

Around 24 students were benefitted under the guidance of faculty members Mrs. G. Megala and Mrs. A. Arockia Ancy.

1.	Dr.P.Gnanasoundari <u>Mrs.A.Rincy</u>	Awareness about food adulteration to the school students.	28.04.2022	Government High School, Meenakshin aickanpatty, Dindigul	II M.Sc. Chemistry – 20 students	---

DEPARTMENT OF CHEMISTRY
EXTENSION ACTIVITY REPORT – 28.04.2022

On 28.04.2022, our department organised extension activity programmes at Government High School, Meenakshinaickanpatty, Dindigul. 10 students from II M.Sc. Chemistry and 2 Staff members per day were actively participated in the programme. They discussed with the school students on the topic “Chemistry in Everyday Life“. Students were given awareness about the various artificial preservatives; artificial sweeteners and colouring agents used in the food products and packed food items. Food adulteration awareness was given to the students. Easy methods of identification of food adulteration at home were also taught to them.

A quiz was conducted for the students to know their understanding level. The result was very positive and encouraging to our college students and the staffs. The interaction was very effective.

EXTENTION ACTIVITY – FREE FOOD SERVING – 29.04.2022

REPORT

This is to report you that 4 students of I M.Com were actively participated in distributing free food to unsupported people staying in road side at Dindigul on 29.4.2022. Every day lot of people suffering a lot because of hungry. "Food is national security. Food is economy. It is employment, energy, history. Food is everything. ~ José Andrés". According to the above our students were tried to give food to few who are in hungry atleast one time. the Student volunteers were actively participated in providing free food to the people who were residing at road side. Really they got blessing from them and they happily shared this with us.

Awareness Programme on “Health and Hygiene”

Date : 29.04.2022

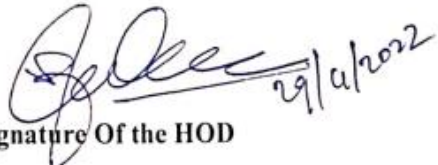

An awareness programme was conducted on 29.04.2022 on “Health and Hygiene” for the Village Community living in Ulagampatty Village near Thadikombu, Didigul District.

A group of 9 students belonging our II M. Sc Class participated actively in this programme. Dr. Sathiya Bama, Associate Professor & Head, Dr. Eathel Poline, Assistant Professor and Dr. Senthil Elango, Assistant Professor have also participated in this programme along with the students.

Our students generated awareness on Health & Hygiene amongst the village people. Moreover, the Hemoglobin content in the blood of Villagers was also tested and the results were intimated to them. The people with low amount of Hb were advised to take healthy diet. A total of 50 villagers were benefitted from this programme.

M.V.MUTHIAH GOVERNMENT ARTS COLLEGE FOR WOMEN, DINDIGUL.

PG DEPARTMENT OF ZOOLOGY

Awareness Programme on "Seed Ball Preparation"

Date : 13.05.2022

Seed Ball distribution Programme for promoting Agriculture

Seed balls were prepared by mixing up of the garden soil (Red soil, humus), cow dung and Jatropa oil in the ratio of 5:3:1. Seeds of various horticultural plants such as Moringa, Hyacinth beans, Pumpkin, Jatropa and other cereals were encapsulated with the above mixture and dried under the shadow. Then it was followed by drying under the sun light.

These seed balls were distributed to the Villagers living in Nagampatti village near Vedasanthur, Dindigul District by 7 students from our I B. Sc Zoology Class.

Dr. P. Sathiya Bama, Associate Professor & Head, Dr. M. S. Selvi and Ms. T.AboorvaLalitha, Teaching Faculty also participated in this programme on 13.05.2022.

25 villagers were benefitted in this programme.

**"Preparation of Dish washing liquid –demonstration for the
public in Maarampadi, Dindigul & Testing Adulteration
in food materials. 25.5.2022"**

DEPARTMENT OF CHEMISTRY
EXTENSION ACTIVITY REPORT – 25.05.2022

1 year M.Sc. Chemistry students visited Maarampaadi village in Dindigul and interacted with the people of that area. Women's in the village were given training in two sessions.

First session was to prepare a Dishwashing liquid gel at low cost and to start a small scale business to sell the product. The village people eagerly observed the activities done by our students and got ideas about small scale business. At the end of the programme we gave free samples of the products to the people and got feedback from them. This programme encouraged our students as well as the village women to become small scale entrepreneurs.

Second session Women's were given awareness about the various artificial preservatives, artificial sweeteners and colouring agents used in the food products and packeted food items. Easy methods of identification at home were also taught to them. Harmful effects of food adulterants were also discussed. Interaction between the students and the audience was very informative.

Awareness Programme on Solar Power Plants and its Uses

Date: 25.05.2022

The awareness program on 'solar power plants and their uses' took place on May 25th, 2022 in Kallipatti located in Dindigul District. The program was meticulously organized by the Department of Physics, M.V. Muthiah Government Arts College, Dindigul. Our students had the opportunity to impart knowledge to the villagers about the significance of solar power plants and how they can be utilized.
