Respected sir,

As a part of our I M.Sc Physics Programme, we are having additional credit course on Internship/Industrial training (P21PH121) Programme in our college. I wish to send a part of our I PG students to undergo training on handling instrumentation studies in the department of Chemistry and another part of students to the Energy Department, Gandhigram Rural Institute, Gandhigram. Our students are coming from the most rural areas, so if they get the valuable opportunity like this means, it will be helpful for their future. So kindly allow our students during the month of May 1st and 2nd week.

Thanking you

Field Trip on 19/04/2022
2021- 2022

Report:

174 Students and 7 Staff members of the English Department went to Thiagarajar Arts College, Madurai for witnessing the play The Tempest by Shakespeare on 19/04/2022. The play was enacted by the students of Thiagarajar College, Madurai. The way the actors acted was awesome. The setting of the stage was so remarkable and costumes and backdrops have taken the audience to the place where original incidents had happened. The dialogue delivery and pronunciation of the English language made the spectators speechless. The music throughout the drama brought some celestial feelings. The Actors brought before the audience the real characters once lived in England. The experience was great and unforgettable to our students. The Students of our English Department have been highly motivated and elated with the programme. They felt that they learnt new technical details from the performance.

DEPARTMENT OF CHEMISTRY
INDUSTRIAL VISIT (2021 - 2022)

Our College and Naga Limited Foods, Dindigul had signed a Memorandum of Understanding for one year from April 2022 to May 2023. With reference to the MOU, our department had arranged an Industrial Visit to Naga Limited Foods, Dindigul for our students.

A batch of 60 students per day of our department along with 4 staff members visited Naga Limited, Dindigul on 12.05.2022 & 13.05.2022. This visit was arranged for our students to get an exposure on practical hands-on learning of work processes and functions of the industry.

At first, we reported to Mr. Arumugam Muthiah, PRO, in the industry premises. He had taken us to a conference hall and briefed about the history of the industry. Then he introduced Ms. Hema, HR to us. She addressed the students and explained about the procurement of wheat from various places, processing of wheat into wheat flour and other products like Rava, Atta, Maida and Bran, testing the quality of the final products and packaging of the wheat flour and other products.

Then we went to see the various processes taking place in the industry with safety measures. The plant is built in a 7 storey building. We visited all the floors and observed the processes like processing of raw wheat, cleaning, conditioning, cutting, grinding, and milling of wheat into finished products like whole wheat flour, Maida, Atta, Rava and the bi-product, Bran. NAGA flour mills have effective layout machinery. The machine works around the clock 24 hours a day. The machinery and equipment installed are of high quality delivered by Buhler-Switzerland.

We also visited the Quality testing laboratory. There we observed how the quality parameters of wheat were tested by using various tests. Finally we went to visit the packaging section. There we had seen how the wheat flour and other wheat products are packed in small packages ranging from 200grams to 10 kilograms and bulk packages from 10kg, 25kg, 50kg, 90kg and 100kg as per the consumption through its strong 250 plus stockiest network.

Then we went to visit the wet sample unit, where they prepared Noodles, pasta and semiya. There they served cooked pasta to eat. We had eaten the tasty pasta and thanked the PRO and other workers helped to visit the industry in a safe and well manner.

This industrial visit proved highly beneficial for our students in terms of practical knowledge about the industrial processes, quality testing, control, safety, team work and hard work. This visit was also useful for them to find placement in such industries. All the students expressed their thanks to our Principal mam and HOD mam for arranging such a wonderful and essential industrial visit.

Geography Department
Study Tour Report

Since tourism is a part of our curriculum in the academic year 2021-2022, based on it. Geography department First, Second, Third year and post graduate students are taken to Rameswaram on Tuesday for a one-day educational tour (12.04-22) and carried out geographical studies.

Rameswaram Temple:

After breakfast at 9 o' clock in the morning and reached the beach temple Ramanatha Swamy temple. The students observed the temples, pillars, towers, ancient monuments, statues, scenic surroundings and colorful paintings and understand the roll of social-geography of the place.

APJ Abdul Kalam Memorial:

They reached the APJ Abdul Kalam Memorial Hall around 10.30 am. They reached the Abdul Kalam memorial located at Bakerumbu in Ramanathapuram district Tamil Nadu. As the appearance of the monument is designed to reproduce the President's residence in Delhi.

All the students were also amazed to see the APJ Abdul Kalam memorial. The yellow marbles embedded in the infrastructure of this hall have been brought from Jodhpur in Rajasthan state and the red marbles from Agra. The students learned this by comparing the types of stones formed by the metamorphic rocks. The structure of the statue of 'Missile Man' playing the veena became a motivation for success in the minds of the students.

Kushi Beach:

At 11:30 am in the morning they reached kushi beach. There the students observed the height and speed of the coastal waves. Also the students discussed with the help of the professors about the beautiful beauty of the waves and the deposition sand dunes of the kushi beach.

“For studying geography world is a lab”

The students were surprised that it is a lab. Students studied the distribution of coastal marsh plantations along the kushi beach.

Kundrakkudi Temple:

Afternoon at 1.30.pm they reached kundrakkudi Murugan temple. The students discovered and learned that the rock on which the temple was built may be of a volcanic, metamorphic, sedimentary rocks. The area around the temple is dry land. The students discovered the rocks are metamorphosed by physical and chemical weathering due to wind speed and erosion. The pillars and sculptures of the temple are undergone changes due to wind erosion. At 3 pm students and professors offered worship.

Pillayarpatti Temple :

The students reached Pilliyarpatti around 4 pm. Pillayarpatti Karpaka Vinayagar Temple is one of the most famous ancient cave temple in Tamil Nadu. They investigated the type of rocks that the cave belongs to. They have got very good experiences of the trip and return happily.

The Department of Geography
 was established in Bharathidasan
 University in July 2001 with the vision to

conduct research in frontier and emerging areas of geography and to disseminate the knowledge to the community. Between 1997 and 2001 the faculty members of the Department of Geography were attached with the erstwhile School of Earth Sciences composed of Geography and Geology faculty members. The School started offering M.Tech Remote Sensing in 1994; M.Sc Applied Geography and M.Phil Geography programmes in the year 1996 and 1999 respectively. The Department of Geography has vibrant faculty, undertaking a full range of degree programmes from five year integrated M.Sc., programme to Ph.D. in emerging and frontier areas of geography. During the academic year 2002-2003, M.Tech programme in GIS was introduced and it was enhanced to M.Tech Geoinformatics since 2012. In the year 2006, the Department has introduced a five year integrated programme in geosciences and later in the year 2014 it was changed into five year integrated programme in Geography. M.Phil in Geography was introduced in the year 2018. The University Grants Commission (UGC), New Delhi has awarded an Innovative Programme on Post Graduate Diploma in Geomatics to the Department in (2005-2010). The Geomatics Laboratory was established with the state of art infrastructure and GIS software in 2005. The agencies like UGC, MEF, ISRO, DST and ICSSR have funded a number of research projects and fellowships to the Department. During 2008-2009, the UGC has awarded Special Assistance Programme (SAP) DRS Phase-I level (2008 - 2009) with the outlay of Rs. 50.50 lakhs and in 2015- 16 for DRS II a sum of Rs. 1.2 Cores with two project fellows (2015-2019) to the Department. Additionally, the UGC has also granted Rs. 20.00 lakhs in the form of BSR to the SAP assisted Department to strengthen its infrastructure. By utilizing the UGC fund, the Department has added DGPS and Total station for surveying purpose. The advanced Ground Penetrating Radar (GPR) System was acquired through DST PURSE Grant. The Department of Geography facilitates the Geoinformatics aspirants to take active participation in the IIRS-ISRO EDUSAT Outreach Programme since 2011. The Indian Society of Remote Sensing (ISRS), Dehradun has housed its Tiruchirappalli Regional Chapter of ISRS at the Department. The Department regularly conducts refresher courses and summer schools for enhancing academic excellence of the teachers of higher educational institutions. The Department successfully conducts Indian Geographical Society talent test for UG and PG students of Geography since 2010.

The Department of Geography was established in Bharathidasan University in July 2001 with the vision to

conduct research in frontier and emerging areas of geography and to disseminate the knowledge to the community. Between 1997 and 2001 the faculty members of the Department of Geography were attached with the erstwhile School of Earth Sciences composed of Geography and Geology faculty members. The School started offering M.Tech Remote Sensing in 1994; M.Sc Applied Geography and M.Phil Geography programmes in the year 1996 and 1999 respectively. The Department of Geography has vibrant faculty, undertaking a full range of degree programmes from five year integrated M.Sc., programme to Ph.D. in emerging and frontier areas of geography. During the academic year 2002-2003, M.Tech programme in GIS was introduced and it was enhanced to M.Tech Geoinformatics since 2012. In the year 2006, the Department has introduced a five year integrated programme in geosciences and later in the year 2014 it was changed into five year integrated programme in Geography. M.Phil in Geography was introduced in the year 2018. The University Grants Commission (UGC), New Delhi has awarded an Innovative Programme on Post Graduate Diploma in Geomatics to the Department in (2005-2010). The Geomatics Laboratory was established with the state of art infrastructure and GIS software in 2005. The agencies like UGC, MEF, ISRO, DST and ICSSR have funded a number of research projects and fellowships to the Department. During 2008-2009, the UGC has awarded Special Assistance Programme (SAP) DRS Phase-I level (2008 - 2009) with the outlay of Rs. 50.50 lakhs and in 2015- 16 for DRS II a sum of Rs. 1.2 Cores with two project fellows (2015-2019) to the Department. Additionally, the UGC has also granted Rs. 20.00 lakhs in the form of BSR to the SAP assisted Department to strengthen its infrastructure. By utilizing the UGC fund, the Department has added DGPS and Total station for surveying purpose. The advanced Ground Penetrating Radar (GPR) System was acquired through DST PURSE Grant. The Department of Geography facilitates the Geoinformatics aspirants to take active participation in the IIRS-ISRO EDUSAT Outreach Programme since 2011. The Indian Society of Remote Sensing (ISRS), Dehradun has housed its Tiruchirappalli Regional Chapter of ISRS at the Department. The Department regularly conducts refresher courses and summer schools for enhancing academic excellence of the teachers of higher educational institutions. The Department successfully conducts Indian Geographical Society talent test for UG and PG students of Geography since 2010.

Tour Report - 2021 -2022

Educational Tour serves a part of curriculum for the students. It also refreshes and rejuvenates the minds of the students and staff who work hard tirelessly for the whole year. Study tour creates an understanding and a bond between the teachers and students relationship. Since study tour is mandatory for the students of Zoology and included in the syllabus, we organized an educational tour for one day on 5th May 2022 to **Courtallam** and adjoining areas. A total of 87 Students accompanied by 6 Staff members departed to **Courtallam** with zeal and zest.

Early morning we reached courtallam by 7 am and had a fresh bath in running water body of Courtallam falls which crosses a lot of meadows and pathways where medicinal plants are harboured. This is a scintillating experience with rejoiceful cool medicated bath. In the fresh water ecosystem students were able to identify **macroplanktons, snails, fishes like Catla, Perch and Cat fishes.**

After lunch we departed from Courtallam to **Papanasam**. There we visited the **Kalakadu Mundanthurai Sanctuary** and students were briefed about biodiversity and importance of ecosystem by Forest Department Officers. They were also explained about the information regarding Fishery Biology, availability of seeds and breeding of Indian major Carps in the Papanasam. While walking into the Forest, students were able to spot variety of fauna like **Spiders, Ants, Butterflies among thick floral stretches.** Ornamental fishes like **Angel fish, Gold fish, Guppies, Tiger shark, Zebra fish, Clown loaches, and Neontetra** were noted in a pond situated inside the forest boundary. Forest officials explained about precipitation, topography, valuable flora, wild life, its habit and habitat in the forest. It was almost like an interacting session where students cleared their doubts and got enriched. Students were fortunate enough to see migratory birds like **Spot billed pelican, Eurasian spoon bill, Oriental darter, Painted stork, Black headed ibis** and **Grey langurs, Macaque** monkeys among the thick vegetative growth.

Before dark, we left from Papanasam and reached **Thirunelveli** which is the Oxford of the South for education. We were little late to enter District Science Centre where we briefed about the activities of DSC. As wisdom of worship we all went to **Nellaiyappar temple** and the students were explained about history, construction and speciality of this temple. Students were thrilled to see the sculptures engraved on the temple walls.

This educational tour was planned in an economical manner and student oriented. Safety, Healthy and Hygienic cares were provided for the students. After dinner we departed to Dindigul and reached around night. All the students reached their home safely with their parents. On the whole this **Educational Tour** was made a **memorable one** and students were enriched with **knowledge and information.**

REPORT:

Veterinary Training Programme, May 2022

Three days (09.05.2022, 11.05.2022 and 12.05.2022) training programme was organized for the III rd year B. Sc students in the Tamil Nadu Veterinary Training and Extension Centre, Dindigul. 23 students and 3 staff took part in the programme.

First day (09.05.2022), Dr. Das Prakash, Assistant Professor & Head, 'Tamil Nadu Veterinary and Animal Sciences University' explained about the scope and various opportunities available for the students in rearing of animal husbandry. He elaborated about the space and other infrastructure required for establishing a dairy farm. He also explained about the maintenance of the dairy farm in hygienic condition. Moreover, he briefed about the epidemiology and treatment for most

commonly occurring fungal (Mycoses) and viral diseases (Foot and mouth disease etc.) infecting the animals.

Second day (11.05.2022), different types of goat varieties those are suitable for rearing in Dindigul District such as Jamunapari, Mecheri, and Ramanathapuram white etc were explained. He also explained about the dairy cattle breeds such as Sahiwal, Gir, Tharparkar and Red Sindhi, Jersey, Holstein Friesian etc. that could be reared in Dindigul District.

Third day (12.05.2022), the students were taken for a field visit in ‘Sakthi Organic Poultry Farm’ located near Marampadi, Dindigul. They learned about various country chicken varieties and their rearing methods.
