A part time job is something which students under take during holidays and free time for a few hours like 2 to 3 hours a day or during the weekends to earn some extra cash or maybe to earn pocket money. A part-time contract is a form of employment that carries fewer hours per week than a full-time job. They work in shifts. The shifts are often rotational. Workers are considered to be part-time if they commonly work fewer than 30 hours per week.

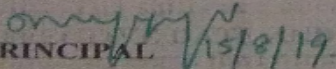

The experience of working is valuable in itself as it helps to provide a mature work orientation, increase self-reliance and provides a better understanding of business, economics and consumer affairs. Experience in the workplace may communicate to young people certain ideas about what sorts of traits and information one may need to function successfully as adult workers. Moreover students earning their own money get lessons on spending wisely. They may be less likely to spend their hard-earned money frivolously and learn to delay gratification to pay for necessities, such as text books and rent.

EFFECTIVE DATE AND SIGNATURE

The MoU will be operational for a period of 3 years, create a Public Private Partnership (PPP) and renewed further thereafter. There will not be any financial commitment on the part of the MVMGACW, on account of this MoU. The MoU can be terminated through mutual consent giving 6 months notice on either side.
