REPORT: STUDENTS INTERNSHIP

Class: II B.Sc., Mathematics, EM, I Shift

Year: 2022 – 2023

Date: 21.01.23 – 07.02.23

As a part of our syllabus, we have to depute our II BSC Mathematics students to undergo Internship Program.

Use of Internship:

An internship gives a student the opportunity for career exploration and development, and to learn new skills. It offers the employer the opportunity to bring new ideas and energy into the workplace, develop talent and potentially build a pipeline for future full-time employees.

Report:

Two students of our Department II BSC students are willing to attend Internship training programme for training on **Type Writing** in SR Computers & Typewriting Institute, Dindigul for 15 days from 21st Jan 2023 to 7th Feb 2023.

Benefits of Internships:

- Apply Theoretical Knowledge in the Real World.
- Expand on Your Transferrable Skills.
- Develop Professional Connections.
- Make New Friends.
- Boost Your Resume.
- Direct Job Offers Are More Likely.
- Better Job Stability.
- Higher Salary Potential.

Benefits of Type Writing:

First of all, touch typing makes working at a computer more comfortable. Second, it enhances communication between colleagues and customers. Third, it improves the accuracy of documents. From a productivity standpoint, an individual's typing speed increases when switching from two finger typing to touch typing.
