Batch: B.Sc. Computer Science – 1989-1992

I am currently working as Professor in the Department of Computer Science, Mother Teresa Women's University. I am holding some key responsibilities such as Academic Dean, Curriculum Development Cell Director...

It gives me immense pleasure in sharing my experience in M.V.M. college life with everyone.

I am grateful that I started my higher studies at the great M.V.M. Govt. Arts College (W), Dindigul. It gave me courage and knowledge, which helps me even now in making any situation favorable for me.

I can never forget my gurus, ***Dr. Vanathi Mam*** and ***Dr. Pethalakshmi Mam***. They showed me what life is. The conducive environment they created for the students to learn.... It's a great feeling, and that is why they are the role models for me even now.

“Besides academic success, some of my fondest memories are the time spent with friends and involvement in the 'house' competitions.

My words to my Juniors: Do Justice with your time. When it's time to enjoy college life, live it to the fullest, but when it comes to your study, devote your 100% to it.

Thank you.....

I am a proud alumnus of this college, having completed my B.Com (2012-2015) and M.Com (2015-2017) here. The college's nurturing environment, dedicated faculty, and strong sense of community played a vital role in shaping both my academic and professional journey. Today, I serve as a typist in Tamil Nadu government and I'm immensely grateful for the foundation this esteemed institution provided.

I am confident that it will continue to shape the lives of countless students in the years to come.

I am very proud to share few memories about my college. I was a B.com student in the year 2017-20. When I was pursuing my degree, my professors done lot to me. They guided me how to study well. I was a sports girl so I missed to attend classes. But our department staff helped me lot to understand the missed class lessons. If they were not allowed me to engage in sports activity, I cannot have got the physical strength and talent required for my job. Today I am working as Tamilnadu police constable. I thank my principal of the days, sports incharge madam and my commerce department professors. Especially I like to remember my class incharge Dr. Sabitha for her support. I will be grateful to my college forever. And I am proud to be an alumni of commerce department.
