

7.1.1 - 2. GENDER SENSITIZATION IN CURRICULUM (CROSS CUTTING ISSUES)

The Humankind revolves around some basic fundamental principles. Every citizen should maintain an interpersonal relationship with each other and should have equal rights to resolve the conservative ideas and opinions developed against weaker section of society. Nowadays education has become the weapon and the eye opener in so many fields. The system of education has been exhibiting and emphasizing the “Gender equity” to reduce the gender bias in the institutions.

Our College is affiliated to Mother Teresa Women’s University, Kodaikanal. The syllabus is revised once in three years by the University concentrating on the curriculum integrated with cross cutting issues through which the values of the self esteem could be taught to the students. The syllabus was revised in the academic years 2018 and 2021. The subjects were pertained to improve the desirable and worthy values to empower themselves and become independent with strong decision making skills.

The subjects incorporated with cross cutting issues include ‘Gender and Economy’, ‘Environmental Studies’, ‘Human Values’ and ‘Professional Ethics. The college has imbibed different courses in the curriculum thereby maintaining the holistic approach among the students.
