

CRITERION: VII. INSTITUTIONAL VALUES AND BEST PRACTICES
 METRIC: 7.1.2. THE INSTITUTION HAS FACILITIES AND INITIATIVES
7. DISABLED - BARRIER FREE ENVIRONMENT

YEAR : 2018 - 2023

7.1.2 – 7. DISABLED- BARRIER FREE ENVIRONMENT

The Barrier-free environment is an utmost need for the people with disabilities with which they can move safely and freely without assistance in every walks of their life. The environment must support them to do independent functioning on their own. The policy makers in India are aware of the issues and rights of person with Disabilities Act, 2016 which address some of the concerns encountered by differently-challenged individuals. The act specifically insists on ease of access in public, private places and educational institutions.

The common problems faced by the students are rectified by providing some provision to access the facilities in the classroom, laboratories, library, plays grounds, hostel, canteen etc. In order to rectify such issues, our college is able to provide a disabled friendly environment for the students with the usage of Ramps, Wheelchair, and western toilets (rest rooms) for physically challenged students. For the visually challenged students, provision for scribe is available at the time of CIA test and University Semester Examinations. The usage of ramps enables wheeled movement between the uneven levels of area with ease. The following facilities are available in the college campus, ensuring the safety of disabled students (Divyangjan).

Types of facilities available

1. Ramps
2. Assistive technology (NVDA Screen Reader, Free Text Enlargers)
3. Braille provision
4. Provision for Scribe
5. Physical movement facility (Wheelchair)
