7.1.4 – 1. TOLERANCE AND HARMONY TOWARDS CULTURAL

The students are the pillars who shape the future of the country. They need a platform to expose their creativity, talents and their dreams. The institution should provide an inspiring and a positive environment and an uplifting space to the students to exhibit their wonderful talents.

The teachers in our college are committed themselves in motivating, encouraging and tuning the minds of students beyond their normal academic pursuits, to expose their talents in different activities. In the past five years apart from learning, the students were encouraged to participate in various programmes like cultural, commemorating national and international days, awareness programmes, Women's day celebrations, Competitions, department association meetings etc.

The students showed their own brand of multitalented personality, elegance and grace and attracted the audience by their performances. Both on-stage and off-stage bonanzas highlighted the skills of our students emanating from various departments. The valediction complimented and appreciated all the participants and winners for their interest and dedication which added pride to the college. The winners are presented with the trophies and prizes.

Here are some highlights of our cultural events:

- 1. Fine Arts Competitions:** The fine arts cultural competitions are conducted every year to help students showcase their talents and creativity. Two days competitions (both on-stage and off-stage) are conducted to nourish various art forms.

These academic practices inculcated in them a desire to pursue higher studies and research and influenced them to get academic interests. For example, a one day webinar on ஆரோக்கியம், ஆயுள் பெருக்கும் யோகக்கலை (Yoga for health and sustainable life) was conducted to create interests on yoga.
