

## 7.2 – 2. ACADEMIC ENRICHMENT – M V M JOURNAL OF RESEARCH

### Objectives of the Practice:

- To empower the faculty to thrive in writing skills in their specific field.
- To motive them to publish articles in an easy manner.
- To kindle interest among the academic fraternity to share their knowledge and promote their role in paper publications in varied domains.
- To create and promote interest in research activities and to rejuvenate ideas in any field of their interest.
- To ensure easy access of the publication in everyone's hand with minimum contribution.

### The Context:

- The practice of journal publication was **started in the year 2014**. Since then, the publication goes on smoothly.
- The first volume of the journal was published without the ISSN number.
- Publishing the journal with ISSN number was a challenging part when the second volume was on the way. With the dedicated work of the editorial board, the second volume of the journal was published **with the ISSN Number**.
- The institution provides a right platform through which the budding researchers and the experienced academicians can bring out their research outputs in concrete shape.

  
**PRINCIPAL**  
M.V.Muthiah Govt  
Arts College for Women,  
Dindigul - 624 001. Tamil Nadu

- The required measures are being taken to improve its quality to include it under UGC care list.

### **The Practice:**

The idea of launching journal was put forth to publish the articles through college platform. The work was initiated with the attitude of zealous and support of the faculty members. The first volume was published in the year 2014. The contributions provided by the faculty members made it possible to publish the journal in an effective manner. The college is well-established with 6 Arts departments such as Tamil, English, History, Economics, Commerce, BBA; and 7 Science departments such as Mathematics, Physics, Chemistry, Zoology, Botany, Geography and Computer Science ; three departments are emerged as the research departments. Obviously, the publications are expected to be multidisciplinary and cover all branches of studies.

The first issue, with 25 research articles, was a high quality printed peer reviewed journal without ISSN number. But the problem was that the journal did not have the ISSN number. The problem was resolved while delivering the second volume with the **ISSN Number 2395 – 2962**. Both the first and second volumes were published in print form. The journal is published annually. The Editorial Board encourages the faculty members to contribute their articles as per their research interests either in Tamil or English.

In the Global scenario, everything becomes online and digital. Keeping this in view, the Editorial Board Members planned to publish the journal in digital mode too. The MVM Journal gets published in digital form since its third volume. This digital form is inevitable to have larger readership and get wide contact. In the further endeavors, a special domain has been purchased and an exclusive site was built successfully to bring out the publication in **Digital mode ([www.mvmjournal.org](http://www.mvmjournal.org))**. From 2018 onwards, the journal is available both in Print and online mode.

Publishing the research articles helps the faculty members and the research scholars to ensure the depth of knowledge and get mastery over the field of arts / sciences. The MVM Journal helps the budding researchers to get ample ideas about innovative

  
**PRINCIPAL**  
M.V.Muthiah Govt  
Arts College for Women,  
Dindigul - 624 001. Tamil Nadu

researches. The **MVM Journal of Research** is an easily accessible platform to every academic fraternity of our home college to deliver their research ideas and methodology with minimum contribution.

**Evidence of Success:** (200 words) - performance against targets benchmarks, review/ results

Our former Principal **Dr. C. Padmalatha** was the pioneer to initiate such a good practice among the faculty members during the year 2014. It was an endeavor to divulge the talents of the faculty members to bring their scientific and literary articles. The senior faculty members have formed a committee to move the journal to the next level. Followed by this, an Editorial Board is formed with the inclusion of the senior academicians who would play their role as the **Chief Editor and the Editorial Board members**. Later the opportunity has been given equally to the interested and dedicative staff members who wanted to become the Chief Editor and Editorial Board members. Since then the journal publication practice has been successfully carried out with good academic excellence. The journal is a multi-disciplinary print-cum-online journal which aims to publish high quality peer reviewed articles in all branches of arts and sciences.

Only a minimum amount has been collected from the contributing staff members as the publication fees. The **External Advisory Board Members** confluence from various institutions provides valuable suggestion and guidance in the journal publication.

The **Reviewers Committee** has been constituted by involving the subject experts from various colleges to check the standard and the quality of the articles that has to be published.

#### **Problems Encountered and Resources Required**

The journal publication was a great task in the beginning part. Since the articles are collected from our staff members and sent to the review committee is time-consuming. Thus the Editorial committee couldn't publish the journal on-time. More over the journal with ISSN number is not recognized by the staff because the UGC insists to publish the research articles in the UGC care listed journal.

The fund required to enhance the quality and move it to the next level, besides the approval from the University is needed to promote it as the UGC care listed journal. The

  
**PRINCIPAL**  
M.V.Muthiah Govt  
Arts College for Women,  
Dindigul - 624 001. Tamil Nadu

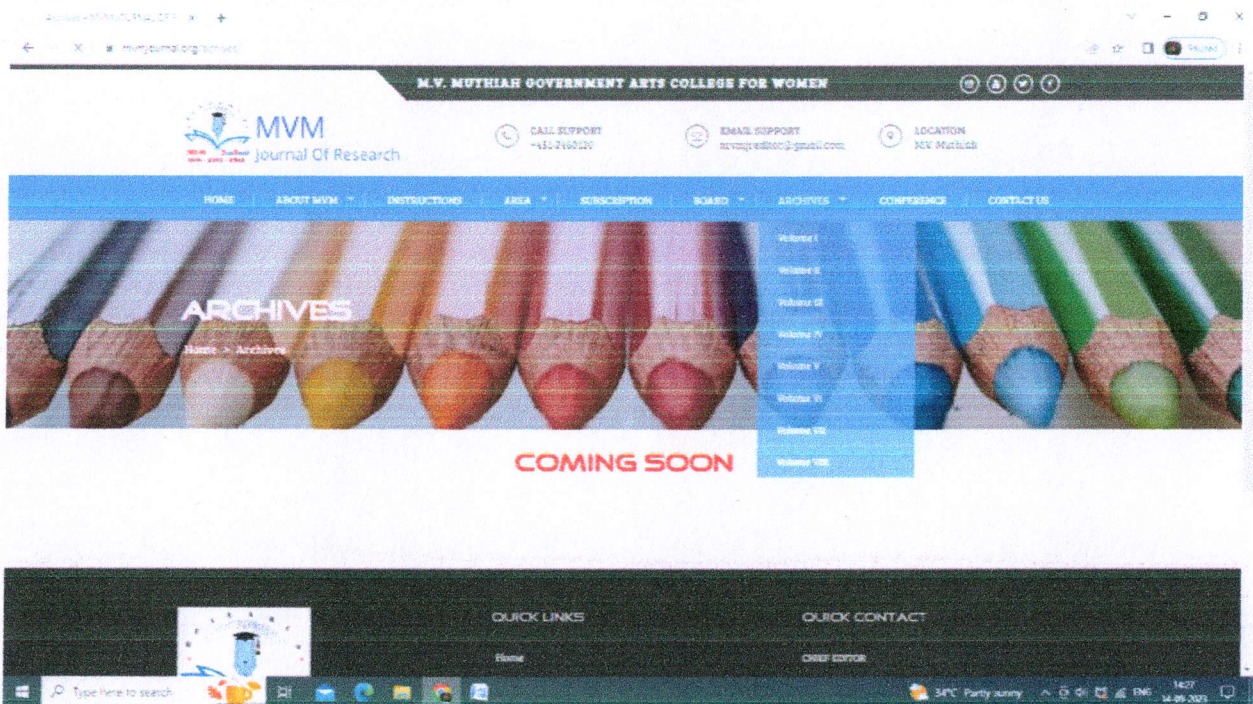

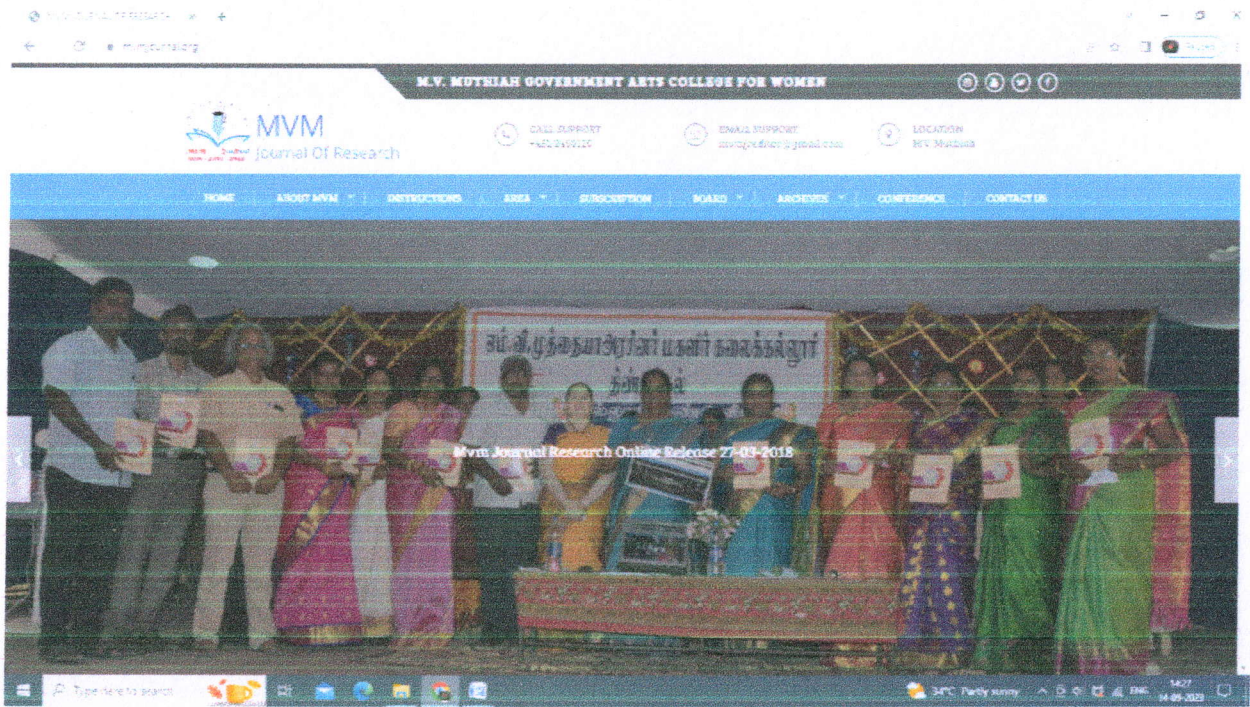

dedicative faculty members should take the responsibility by encouraging our staff and other college staff members to bring their research contribution to the journal with minimum plagiarism so as to improve its quality.

### Outcomes:

To promote the journal as UGC CARE Listed journal, the requisition was given to the Vice - Chancellor of Mother Teresa Women's University to get the approval for the forthcoming issues.

The faculty members are invited to get into the new avenues of research. This platform is providing novel information in every publication. The chief editor and the Editorial Board members involve in compiling, proof reading and editing the articles received from the authors. The research contribution to the journal shows the keen interests of the faculty members for enhancing their research productivity. This paves the way to compile the journal publishing work successfully. The journal will succeed in its endeavor in reaching out to faculty of other colleges, scholars and students.
